

**OBJECTIVE:** Recent graduate in Master of Building Engineering, Construction Management, with an architectural background seeking a full-time position related to the building industry.

## SKILLS

- **Design and Modeling Software:**  
AutoCAD, Revit, 3D-Max, SketchUp
- **Planning and Scheduling Software:**  
RFI (Procore Certified), MS Project
- **Others:**  
Microsoft office (Excel, Word, PowerPoint), Photoshop

## EDUCATION

### Master of Building Engineering-Construction Management (GPA 3.7)

Concordia University - Montreal, QC

Sep 2016  
Nov 2018

**Relevant Courses:** Project Management, Building Economics, Building Information, Modeling in Construction, Fundamental of Facility Management, Project Cost Estimation, Trenchless Technologies for Rehabilitation Works, Labour and Industrial Relations in Construction.

### Bachelor of Architecture

Azad University – Tehran, Iran

Sep 2011  
May 2015

## LANGUAGES

- English - Fluent
- Farsi - Native

## ACADEMIC PROJECTS

### Designing Residential Complex and Cost Estimation, Concordia University – Team Lead

May 2016  
Aug 2016

- ♦ Prepared drawings of a residential complex from conceptual design to detailed design using AutoCAD and Revit.
- ♦ Prepared detailed estimates based on OmniClass<sup>TM</sup> standard.
- ♦ Coordinated team of five people.
- ♦ Developed and estimated a complete bid document for the project.

## VOLUNTEER EXPERIENCES

### Team MTL, Montreal, QC

#### ✪ Architectural Designer and Project Coordinator

Sep 2016  
May 2017

- ♦ Designing based on shared concepts in interior design team.
- ♦ Selecting materials and finishes based on budget and eco-friendly concept.
- ♦ Creating the 3D model for lighting analysis.
- ♦ Running simulation and lighting analysis using Ecotect.
- ♦ Coordinating the project and preparing the project schedule.

## EXPERIENCES

### Dari Brothers, Montreal, QC

#### ✪ Project Coordinator / Cost Estimator

Jul 2018  
Nov 2018

- ♦ Collaborated with contractors and project managers. Assist project manager to select the best contractor quotation.
- ♦ Ensured the schedule was updated. Evaluated and approved design changes, specifications and drawing.
- ♦ Participated in various project meetings, maintained records of project costs. Supervised quality control activities.

### Piedra Iberica, Madrid, Spain

#### ✪ Cost Estimator

Aug 2017  
Mar 2018

- ♦ Analyzed and value-engineering tender with proposal.
- ♦ Reported project proposal and estimated cost to project manager.

### Team MTL, Montreal, QC

#### ✪ Engineer Intern

May 2017  
Jul 2017

- ♦ Understood the project, specifications and drawings.
- ♦ Maintained a daily diary or log of work activities, meetings and conversations.
- ♦ Coordinated the engineers and architecture team to resolve design issue like conflicts and interference.

### Markis Company, Tehran, Iran

#### ✪ Architect

Jan 2017  
May 2017

- ♦ Prepared technical CAD drawings, 3D models using Revit and 3D-Max, and prepared renderings from the initial phase of project to the construction phase.
- ♦ Worked on residential and commercial projects, the commercial project was the whole remodeling of a commercial building into construction of an international restaurant, and the residential project was designing a 6-storey building.

#### ✪ Junior Architect

Sep 2014  
Jun 2015

- ♦ Prepared architectural design and interior design of a commercial center included 72 shops in 4 floors using AutoCAD and Revit.
- ♦ Assist the senior architect and report the design progress.
- ♦ Collaborated with other engineers and architects.

#### ✪ Architect Intern

May 2012  
Jul 2012

- ♦ Prepared detailed drawing with furniture design of a duplex house using AutoCAD and Revit.
- ♦ Prepared information regarding design, specifications, materials.
